

Drinking songs

Spritmuseum

Don't miss the beer exhibition at the Museum of Spirits. Flavours, aromas and history – all the way to the bar on the jetty. New exhibition: Less is More... Not! Showcasing art, design and Absolut Vodka in the Crazy Eighties.

Drinking songs

Sweden has a venerable tradition of snapsvisor – songs sung when making a toast at parties -and it it still very much alive. The museum accepts entries to its annual Swedish drinking song championships and keep an archive of all submissions.

The Whole Goes

The whole goes,
sing hopp-father-allan-lallan-ley
The whole goes,
sing hopp-father-allan-lallan-ley
And he who will not take the whole
He'll miss the chance to take the half
The whole goes..... (drink the snaps)
sing hopp-father-allan-lallan-ley

Melodi: Helan Går

The Devil's Call

Filled anew, a frosted glass is standing
by.
When I see it, I can hear a muted cry.
Somewhere down there, in my stomach,
In a dark and hidden spot.
Sits the devil calling for another shot!

Melodi: Kors På Idas Grav; Imbelupet

The Darwin Song

When Darwin had studied
origin of spieces
He found that the weakest of
brain cells die easy
The weakest of brain cells
will also die first
So increase your IQ and
decrease your thirst!

Melodi: Skånska slott och herresäten
Textursprung: Rolf Malmström

I Like The Snaps

like the snaps and the snaps likes me,
thrilling as only a snaps can be.
I want to drink the real elite:
Aalborger aquavite!
//: Over the mountains, over the sea,
Millions of snapses are waiting for me.
Please go to hell with juice and tea,
Snaps is the drink for me!! ://

Melodi: Over The Mountains

Wish I Could Tie

Wish I could tie a piece of string,
a-round the snaps fore I drink it!
Wish I could tie a piece of string,
a-round the snaps fore I drink it!
When it goes down,
I pull the string,
And thus reuse it, that's why I sing.
Wish I could tie a piece of string,
a-round the snaps fore I drink it!

Melodi: Hej Tomtegubbar;
Tänk om jag hade lilla snubben

Herring And Sill

You can give us herring,
And you can give us sill.
But you still be erring,
unless you also will.
Give us a glass of Akvavit,
that sure smells sweet,
to Swedes in heat.
It gives the fish its feet,
and makes the dish complete!

Melodi: Lili Marlene
Textursprung: Christer Engström

Vodka, Vodka

Vodka, Vodka, drink of heaven V
odka, Vodka drink of hell!
//: Don't resist any temptations.
Soon enough you'll hear the bell! ://

Melodi: Stenka Rasin; Vodka, Vodka

You can have another

You can have another yet.
They're nicer the more you get!
But if you have twenty,
you'll wake with plenty,
of head-ache and much regret

Melodi: Popeye the sailor man
